LIST OF

BANKERS IN ENGLAND, IRELAND & SCOTLAND,

ISSUING THEIR OWN NOTES.

With the amount they are entitled to issue under the Acts, 4 & 5 Victoria, cap. 50 (21st June, 1841), and 7 & 8 Victoria, cap. 32 (19th July, 1844), intituled respectively "An Act to make further Provision relative to the Returns to be made by Banks of the Amount of their Notes in Circulation," and "An Act to regulate the Issue of Bank Notes and for giving to the Governor and Company of the Bank of England certain privileges for a limited period."

In *England* "Such Banker shall not at any time after the Tenth day of October, One thousand eight hundred and forty-four, have in circulation upon the average of a period of four weeks a greater amount of Notes than the amount so certified" (in *Ireland and Scotland* the amount so certified "and of the amount of Gold and Silver Coin held by such Banker at the head office;" "no amount of Silver Coin exceeding one-fourth part of the Gold Coin being taken into account"), "under forfeiture of a sum equal to the amount by which the average monthly circulation shall have exceeded the amount which such Banker was authorized to issue."

Some of the Channel Islands Banks issue £1 local notes without restriction.

The Isle of Man Bank issues notes under a licence obtained from the Manx authorities.

Bank of England Notes are not a legal tender in Ireland or Scotland.

IMMEDIATE BONUS TABLE.

VERY LOW PREMIUMS. SUM ASSURED ABSOLUTELY GUARANTEED.

Special attention is invited to this Table, which has been recently introduced. Under it Policies can be effected at *less* than the Without Profit Rates; and a distinguishing feature of it, as compared with the similar Tables given in the Prospectuses of other Societies, is that the sum assured is not liable to any deduction in the event of the future Bonuses falling short of the estimated amounts. Under this Table a person aged 30 next birthday can insure £1300 for the PREMIUM REQUIRED to insure £1000 under Table I., thus SECURING an IMMEDIATE BONUS of £300.

ENDOWMENT ASSURANCE POLICIES.

The Society also offers special advantages in its system of Endowment Assurances. The Rates of Premium charged upon these are extremely moderate, and they receive *compound* Bonuses at the same rate as the ordinary Policies, these Bonuses being payable along with the sum assured on attainment of the stipulated age or on previous death.

The number of Premiums payable is less by one than is charged by many offices.

Non-Forfeiture regulations unusually complete, and Forfeiture of a valuable Policy impossible.

GUARANTEED SURRENDER VALUES ENDORSED ON POLICIES.

CLAIMS are payable immediately after proof of death and title.

THE SCOTTISH LEADER,

Published in Edinburgh.

CHIEF LIBERAL PAPER OF SCOTLAND.

The "SCOTTISH LEADER" has attained the position of the most representative, influential, and flourishing Liberal paper in Scotland. As a metropolitan organ it is the only daily on the popular side of politics that commands a sale in every district of the country.

The "LEADER" has of late been vastly improved, and developments are in progress under its auspices which are likely to have an important and permanent influence upon the practical conditions under which newspapers are produced.

20 Linotype Composing Machines

are now at work in the "LEADER" Office, where public men and other parties interested may have the privilege of inspecting them on application to the Manager.

The "SCOTTISH LEADER" has been the first paper on this side of the Atlantic to adopt this marvellous and important invention, which embodies no fewer than 1300 to 1400 patents and claims, on which the American Linotype Company have spent nearly

Two Million Dollars.

The "LEADER" is produced by the most

Perfect Web Machinery,

which not only prints the papers at the rate of 20,000 copies an hour, but folds them, cuts them, fixes them in the centre, and delivers them counted and ready for despatch.

A Wire to London

connects the "LEADER'S" Office there with the Head Office in Edinburgh for the rapid transmission of Parliamentary, commercial, and other news, and also for convenience in forwarding late advertisements.

The "LEADER" enjoys special privileges in Parliament, and its own representatives in the gallery and lobbies are in constant touch with the Scotch Members.

The "LEADER" under a contract with the National Telephone Company, has now a

Trunk Wire between Edinburgh and Glasgow,

and the Head Office is connected by Telephone with the principal Towns and Districts of Scotland.

A Special Feature

of the "SCOTTISH LEADER" is its financial article, which is written by experts in London, and commands the confidence and interest of commercial men by the freshness, fulness and accuracy of its information. The importance which this feature has assumed is indicated by the circumstances that every day brings a host of enquiries from readers interested in certain investments and anxious for guidance in regard to such matters. These enquiries are answered in the paper, and advice is given with a due regard to all the ascertainable facts. The speculative spirit of the times is so strong, that this new departure in daily journalism is bound to be widely appreciated.

The "SCOTTISH LEADER" has been selected as the

Official Advertising Medium

of the Scottish Auctioneers. It goes to *every practical farmer and dealer in Scotland and the North of England.* As a means of reaching this important business class the "LEADER" is unequalled.

A Registry for Servants

has been established in connection with the "LEADER" at its branch office,

94 George Street, Edinburgh,

under the charge of Mrs. Cupples, an experienced Lady Superintendent, to whom all communications with reference to this department should be sent.

FIGURES AND FOUNTAINS.

For upwards of half a century the Garnkirk Fire Clay has been known throughout the world, and the supply of it is still inexhaustible. This Clay differs from that from which other Scotch Fire Clay wares are made, in being comparatively free from iron, the presence of which in quantity is not only dangerous, but wasteful, as owing to its power as a conductor, it causes great radiation of heat.

The Garnkirk Fire Clay differs from these other Scotch Clays also in the extra cost of its manufacture, requiring, as it does for burning, a degree of heat which changes these clays into a black vitreous mass.

The Garnkirk Company have been favoured with the results of a series of comparative trials which had been made by large English consumers, in which the best brands of Fire Bricks of the United Kingdom were tested against the Garnkirk Bricks. In each and all of these trials, the Garnkirk Brick proved most refractory, and even the highly prized Stourbridge Bricks yielded in each trial to the force of heat applied with five times the rapidity of the Garnkirk Bricks.

The Garnkirk Fire Clay Company manufacture specially for Glass Works where the clay is required to withstand the action of molten glass, and also for other works where the combining power of alkalies has to be withstood.

☞ *The GARNKIRK BRICKS are specially and by preference specified by Mr. Siemens for his Regenerative Gas Furnaces.*

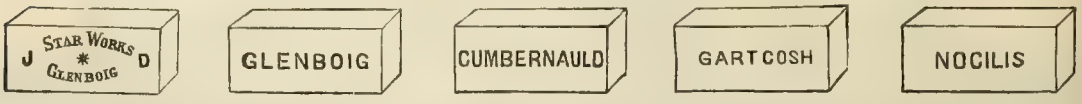
The Glenboig Company are the Sole Makers of the "GLENBOIG" and "STAR GLENBOIG" brands, which stand first among Fire Bricks, for the construction of all kinds of furnaces subjected to the highest heats and most sudden changes of temperature.

The use of these Bricks is found to be economical in districts of England where Fire Bricks are made and sold at half the price of the "Glenboig" brand; but how much more economical must they be when shipped abroad and where both qualities bear the same charge for carriage?

The "GARTCOSH" and "CUMBERNAULD" brands are sold cheaper. The Company purchased these works for the purpose of meeting the demands of buyers who require a cheaper Fire Brick of good quality, and they offer them with confidence, knowing that they are unsurpassed by any other Fire Brick made in Scotland, excepting "Glenboig" alone.

All articles manufactured by the Company bear one or other of the undernoted Trade Marks—



Purchasers are recommended to see to it that the brand purchased is really stamped on the goods.

GAS RETORTS.—The great number of Glenboig Retorts now in use in the principal Gas Works at Home and Abroad is the best evidence of the high estimation in which this brand is held by Gas Engineers, who know the importance of using "Retorts that can be depended upon."

SEWAGE PIPES, TRAPS, &c.—The Company are also manufacturers of Glazed Fire Clay Pipes, and all descriptions of Junctions, Traps, &c. Makers of the "Waverley" Combination Traps and Inspection Chambers, acknowledged to be the best Traps yet before the Public; a sure preventive against Sewer Gases entering the house.

"MERSANO" THE WINE OF HEALTH.

THE WINE OF HEALTH. "MERSANO"

A SPARKLING NON-ALCOHOLIC WINE,

Hygienically prepared without fermentation, and in conformity with the laws that govern and preserve HEALTH.

CERTIFICATE of HONOUR & GOLD MEDAL

HAS BEEN AWARDED FOR THE

Special Excellence of "MERSANO."

THE great number of mysterious Beverages that are being constantly thrown on the market without regard to the baneful effects they are certain to produce, is sufficient excuse for our taking the public at once into our confidence in the manufacture of "**MERSANO.**"

It is universally admitted that, of all the Fruits given for the use of man, **GRAPES** are the most valuable. The many inestimable properties contained in Grapes, especially those of Southern Europe, have of late occupied the minds of many scientific men. In fine quality Muscatel and Valencia Raisins, science has demonstrated that there exists the **Keystone of Health,** and that Extracts carefully taken from such fruit are not only highly **Nutritious** and **Demulcent,** but are powerfully **Antiseptic,** preserving and restoring the animal tissues, and destroying germ life. They can be most successfully employed in Chronic Dyspepsia and all diseases of the Digestive System, Fevers, Febrile, Putrid, and Inflammatory Complaints; and no less an authority than Sir J. Clark tells us that, on the Continent, the successful treatment of Consumption (the most baneful of all diseases), by a course of Grapes, "**Cure de Raisins,**" is fully recognised.

In the manufacture of "**MERSANO,**" the whole process of which has been protected by **Royal Letters Patent,** the Finest Muscatel and Valencia Raisins only are used, the whole of the nutritious and other valuable properties being carefully extracted, leaving the indigestible, such as skins, seeds, &c., as a waste product.

The Extract thus obtained is carefully clarified, and combined in suitable proportions with fine Jamaica Ginger, the finest fresh Lemon Juice, a small portion of pure Cane Sugar, and specially carbonated at a low temperature with the Carbonic Acid Gas collected and purified from the fermentation of Grape Wine, thus producing a perfect Sparkling Wine, with all the invaluable properties of the best Grape Champagne, yet practically Non-Alcoholic.

"**MERSANO**" is recommended by the leading **Medical Faculty.**

"**MERSANO**" is the most Strengthening and Sustaining of all Wines.

"**MERSANO**" is not only the most healthful, but the most delightful and palatable of all Wines; the infallible correcter of the impaired digestion of man, which renders him at all times an easy prey to **Infectious, Epidemic,** and **Climatic Diseases.**

"**MERSANO**" is the only perfect substitute for **Fermented Wines, Spirits,** and **Beer,** and the friend and infallible cure of the inebriate.

"**MERSANO**" is the only **perfect Temperance Beverage** yet introduced, and, unlike Aerated Waters, does not cause Thirst and produce Chronic Dyspepsia.

"**MERSANO**" is the **best** and most welcome **Friend** in every Sick-room; for Invalids, many eminent Medical Men recommend it to be mixed with an equal portion of milk, and for the best Alcoholic Stimulent, a suitable proportion of fine old Malt Whisky.

"**MERSANO,**" to all who value their health, will prove a true and lasting friend.

"**MERSANO**" can be procured from all first-class Grocers, Stores, and Chemists, at **6d.** per bottle, or **6s.** per dozen.

"**MERSANO**" can also be had at the leading Temperance and other Hotels, on board all the principal Lines of Steamers, and at all the best Hydropathic Establishments throughout the United Kingdom and the Colonies,

And Wholesale from the SOLE MAKERS and PATENTEES,

FORBES, MAXWELL & CO., LTD.,

ABERDEEN.

N.B.—Should any difficulty be experienced in procuring "MERSANO" locally, send a Money Order for 18/- to the Manufacturers, and a sample Three Dozen Case will be despatched the same day, Carriage paid.

Dr. J. COLLIS BROWNE'S

CHLORODYNE.

THE ORIGINAL

AND ONLY GENUINE.

CHLORODYNE is a liquid, taken in drops. It invariably relieves *pain* of whatever kind; creates a calm, refreshing sleep; allays irritation of the nervous system when *all other remedies fail;* leaving no bad effects like opium or laudanum; and can be taken when no other medicine can be tolerated. Its value in saving life in infancy is not easily estimated—a few drops will subdue the irritation of Teething, prevent and arrest Convulsions, cure Whooping Cough, Spasms, and Flatus at once.

CHLORODYNE

is the best remedy known for COUGHS, CONSUMPTION, BRONCHITIS, ASTHMA.
effectually checks and arrests those too often fatal diseases known as DIPHTHERIA, FEVER, CROUP, AGUE.
acts like a charm in DIARRHŒA, and is the only specific in CHOLERA and DYSENTERY.
effectually cuts short all attacks of EPILEPSY, HYSTERIA, PALPITATION and SPASMS.
is the only palliative in NEURALGIA, RHEUMATISM, GOUT, CANCER, TOOTHACHE, MENINGITIS, &c.

The extensive demand for this remedy, known as Dr. J. COLLIS BROWNE'S CHLORODYNE, by the Medical Profession, Hospitals, Dispensaries—Civil, Military, and Naval—and Families, especially guarantees that this statement of its extreme importance and value is a *bonâ fide* one, and worthy the attention of all.

CAUTION.—Always ask for "Dr. J. Collis Browne's Chlorodyne," and beware of spurious compounds or imitations. Dr. Browne placed the Recipe for making "Chlorodyne" in the hands of Mr. Davenport ONLY; consequently there can be no other Manufacturer. The genuine bears the words "Dr. J. Collis Browne's Chlorodyne," on the Government Stamp of each bottle.

The following is an extract from the decision of the Vice-Chancellor in the late Chlorodyne Chancery suit—BROWNE & DAVENPORT *v.* FREEMAN:—*Vice-Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne, that the statements of the defendant Freeman were deliberately untrue, and he regretted to say that they had been sworn to. Eminent hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribed it largely, and mean no other than Dr. Browne's.* —*See* THE TIMES, *July* 13*th*, 1864.

Sold in Bottles at 1s. 1½d., 2s. 9d., and 4s. 6d. Sole Manufacturer,

J. T. DAVENPORT,

33 and 34, GREAT RUSSELL STREET, BLOOMSBURY SQUARE, LONDON.

[MEDICAL TESTIMONIALS OTHER SIDE

TESTIMONIALS.

Earl Russell has graciously favoured J. T. Davenport with the following:—"Extract of a despatch from Mr. Webb, H.B.M. Consul at Manilla, dated Sept. 17, 1864.

"'The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives.'"

*** Earl Russell communicated to the College of Physicians that he had received a despatch from Her Majesty's Consul at Manilla to the effect that Cholera has been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See *Lancet*, Dec. 31, 1864.

Extracts from the GENERAL BOARD OF HEALTH, LONDON, as to its efficacy in Cholera.

1st Stage, or Premonitory.—In this stage the remedy acts as a *charm*, one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging.—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse.—*In all cases restoring the Pulse.* So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.

From DR. THOMAS SANDIFORD, Passage West, Cork.

I will thank you to send me a further supply of Chlorodyne. It is the most efficacious remedy I ever used, affording relief in violent attacks of Spasms within a minute after being taken. One patient in particular, who has suffered for years with periodical attacks of Spasms of a most painful nature, and unable to obtain relief from other remedies, such as opium, &c., finds nothing so prompt and efficacious as Chlorodyne.

From W. VESALIUS PETTIGREW, M.D., formerly Lecturer at St. George's Hospital, London.

I have no hesitation in stating that I have never met with any medicine so efficacious as an Anti-spasmodic and Sedative. I have used it in Consumption, Asthma, Diarrhœa, and other diseases, and am perfectly satisfied with the results.

From SYMES & Co., Pharmaceutical Chemists, Medical Hall, Simla.—*January* 5, 1880.

To J. T. DAVENPORT, Esq., 33, Great Russell Street, Bloomsbury, London.

DEAR SIR,—Have the goodness to furnish us with your best quotations for Dr. J. Collis Browne's Chlorodyne, as, being large buyers, we would much prefer doing business with you direct than through the wholesale houses. We embrace this opportunity of congratulating you upon the wide-spread reputation this justly-esteemed medicine has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramp, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate breach of faith on the part of the chemist to prescriber and patient alike. We are Sir, faithfully yours,

SYMES & CO.,

Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

From J. M'GRIGOR CROFT, M.D., M.R.C.P., London, Late Staff-Surgeon to H.M.F.

November 26, 1859.

SIR,—After prescribing Dr. J. Collis Browne's Chlorodyne for the last three years, in severe cases of Neuralgia and Tic-Douloureux, I feel that I am in a position to testify to its valuable effects. Really, in some cases it acted as a charm, when all other means had failed. Without being asked for this report, I must come forward and state my candid opinion that it is a most valuable medicine, and I have recommended several chemists in this neighbourhood not to be without it for prescriptions.

From JNO. E. GOULSTONE, M.D., late Principal Surgeon to the Steam-Ship *Great Eastern.*

I can confidently state that Chlorodyne is an admirable Sedative and Anti-spasmodic, having used it in Neuralgia, Hysteria, Asthma, and Consumption, with remarkably favourable results. It relieved a fit of Asthma in four minutes, where the patient had suffered eleven years in a most distressing manner, no previous remedy having had so immediate and beneficial an effect.

From DR. B. J. BOULTON & Co., Horncastle.

We have made pretty extensive use of Chlorodyne in our practice lately, and look upon it as an excellent direct Sedative and Anti-spasmodic. It seems to allay pain and irritation in whatever organ, and from whatever cause. It induces a feeling of comfort and quietude not obtainable by any other remedy, and it seems to possess this great advantage over all other Sedatives, that it leaves no unpleasant after-effects.
